DRIVEN BY A BETTER FUTURE, TOYOTA UNVEILS THE NEW YARIS

It's that time of the year when the country's most celebrated automobile brands come together to proudly showcase their range of offerings. The 14th edition of the Auto Expo is being held at the India Expo Mart in Greater Noida between 9th and 14th February.

Toyota continues to innovate and reach new heights with its current range of best sellers like the Innova Crysta, Fortuner, Corolla Altis and the Etios in their respective segments. Along with making quality products, Toyota seeks to build a better tomorrow by focusing on safer cars, eco-friendly alternatives and technologically connected cars. Toyota's theme of being "driven by a better future" is underlined by its endeavour to develop products like the Hi-Mix, i-ROAD, FCV Plus and the world renowned, Prius PHV.

Toyota, Tomorrow
The Japanese automaker has also taken significant steps towards manufacturing safer cars with greater safety measures underlined by the fact that every Toyota car comes with dual SRS airbags and seat belts with pre-tensioners and force limiters across all variants.

Toyota's connected services platform known as Toyota Connect, which was launched last year, provides a bouquet of services including easy navigation, service booking and 24x7 emergency services.

A newly introduced service, T-SHIELD - Toyota Safety Hygiene & Innovative Education is a proactive educational initiative from Toyota to communicate customers about the benefits of vehicle usage for the long term durability of the vehicle.

Yaris, the Talk of the Town
But what stole the show on the opening day of the expo at the Toyota booth was the grand unveiling of the Yaris, which will set new benchmarks in safety and comfort. Also, the feature-packed car boasts of 12 first-in-segment features like 7 SRS Airbags, roof-mounted rear air vents with ambient illumination, Power driver seat, Front parking sensors, Hill start assist etc. After an exhilarating performance by Shambisen and Shalabhathi, the new Yaris made its way to the stage amidst an excited media audience.

Stating the unveiling of the car as spectacular, Mr. Akito Tachibana (Managing Director - Toyota Kirloskar Motor) called the new Yaris, a perfect example of a modern Toyota car. Also present at the unveiling were Mr. Susumu Matsuda (President of Toyota Motor Asia Pacific), Mr. Viream Kirloskar (Vice Chairman, Toyota Kirloskar Motor), Mr. N. Raja (Deputy Managing Director, Sales & Service at Toyota Kirloskar Motor).

With a positive opening on the first day, things look upbeat for Toyota fans on the days to follow.
